

## Becoming an Introducer

We at Direct 2 Networks pride ourselves in placing all types of commercial insurance and Telecom Solutions (business mobile phones) for various trades on behalf of Brokers/Intermediaries and other Professionals with a Commercial Client Portfolio.

If you are a broker, intermediary, involved in financial services, whether FSA Authorised or not, or you have a commercial client portfolio, we can place your client's commercial requirements. Just call us for an informal discussion.

You will be surprised to know that as long as you handle commercial clients such as Shops, Wholesalers, Manufacturers, Schools, Leisure complexes, basically any commercial client. We can place these clients' requirements upon your referral.

All we need you to do is refer your client's details to us and we will contact them. If your client signs his **Insurance** or takes up any one of our competitive **Mobile Phone** packages through us, we will **reward you with generous commission** for each successful referral.
